### About the Dance Project @ CITY ARTS

Dance Project: the School at City School Arts is one aspect of the Dance Project, Inc. The dance school provides comprehensive training for people of all ages and skill levels in a nurturing atmosphere that fosters growth, a healthy lifestyle, self-esteem and artistry. All of our teachers are college educated dance professionals with prior teaching experience.

We focus on teaching the whole dancer in a non-competitive environment where dancing is fun and rewarding. Our students learn an awareness of how the body works and how movement can be used expressively. Additionally, we keep our costs low to allow for a diverse cross-section of the community to participate.

Dance Project: the School at City Arts strives to encourage sharing dance within our Greensboro community. Performance opportunities constantly emerge for dancers of all ages and levels. Additionally, each spring students participate in the Spring Showcase for their family and friends.

Whether you are looking for a new experience, a means of staying fit or a professional career, you and your child deserve the best instruction around.

*All kinds of dance for all kinds of people*
